

# Managing the “M” Word

*Mold Prevention, Management and Communication Strategies for Schools.*

FREE WEBINAR: Wednesday **NOVEMBER 7th**, 2018 at **1-2pm EST.**

## Learn proven strategies for preventing and managing mold at your school.

This year's warm, wet summer is to blame for mold contamination in thousands of vacant classrooms, closets, and auditoriums in schools across the country, postponing openings and closing some schools for weeks.

### IN THIS LIVE EXPERT WEBINAR YOU WILL LEARN:

- What is mold and why it forms
- How to prevent it from colonizing
- Strategies for remediation and risk reduction
- How to communicate to staff, students, and parents

Don't miss this live expert webinar brought to you by WellAir and Hillyard.
